MERRYMAKERS CAST DOWN

Carnival Week in Russia Only the
Ghost of Former Seasons
of Gaiety.

ARE ANXIOUS FOR RELATIVES

Note of Secretary Hay Meets
With Favor, and Viceroy
Alexieff Consulted Re-
garding Proposal.

St. Petersburg, Feb. 16.—Informa-
tion has been obtained at the foreign
office that Secretary Hay's proposition
to limit the area of war operations is
considered "practicable" and that a re-
sponse will soon be forthcoming. Viceroy
Alexieff is being consulted regard-
ing the matter, and the authorities are
doubtless awaiting an indication as to
how the proposition will be received
by Japan.

The sympathetic reception given by
the powers to Mr. Hay's note and the
representations the powers have made
here have undoubtedly had a good effect
upon official opinion and the Russian
government shows a more friendly
spirit toward the direct representa-
tions made by the United States. The
American government is now pressing
for an answer to the request that
United States army officers be allowed
to accompany the Russian field opera-
tions, but it is explained that Viceroy
Alexieff, to whom the request was re-
ferred, has not yet replied.

Carnival week, usually the gayest of
the year in Russia, opened yesterday,
but under the shadow of the war, the
merrymaking was only a ghost of that
of former years. The rush of crowds
to buy extra editions of the newspa-
pers, the intense activity of the war
and marine ministries and the crowds
about the admiralty anxiously inquir-
ing regarding the fate of relatives are
grim reminders of where the thoughts
of the people are. Instead of the cus-
tomary festivities the theaters gave
double performances for the benefit of
the Red Cross and last night the ar-
tists' ball, one of the biggest events of
the social season, which it was intend-
ed to abandon, was held in a hall de-
corated to represent the feast day of
Benares. The artists were attired in
the garb of Hindoos with the object of
swelling the Red Cross Society's funds.

Hunting Season in Colorado.

Lake City, Colo., Feb. 16.—The stage
which runs between Lake City and
Sapinero has been held up by masked
men and the registered mail bag rifled.
As this is pay day at the mines in this
vicinity it is believed considerable
money was secured by the robbers,
who made good their escape. A sher-
iff's posse has gone in pursuit of the
hold-ups. Several United States mar-
shals from Denver are on their way to
the scene of the robbery and will join
in the chase.

WILD HUNT FOR MINISTER

Eloping Couple Fail to Get the
Right Party to Marry Them

New York, Feb. 16.—The police and
five ministers in Manhattan were ap-
pealed to without success early this
morning, by an eloping pair about to
sail for Europe, who wanted the mar-
riage ceremony performed. They first
drove up to the tenderloin police sta-
tion in West Thirtieth street. The
young woman said she was Gertrude
Wood, of Brooklyn, and her companion
claimed to be Frank Ralston Mitchell,
a son of ex-State Senator Mitchell, of
Lima, Ohio. With them were two men
and a woman. They said that Dr.
Houghton, of the Little Church Around
the Corner, had refused to accommo-
date them.

Sergeant Pince referred them to the
Rev. Mr. Schneider, known as the
marrying parson of Second avenue;
Dr. Bent, of Sixty-first street and Am-
sterdam avenue; the Rev. R. L. Pad-
dock, of 360 West Twenty-eighth street,
and another minister at Twenty-ninth
street and Sixth avenue. In each in-
stance they were asked to find another
parson. The last seen of the party was
at an all-night restaurant on Broad-
way.

Escaped an Awful Fate.

Mr. H. Hagbins, of Melbourne, Fla.,
writes: "My doctor told me I had con-
sumption and nothing could be done
for me. I was given up to die. The offer
of a free trial bottle of Dr. King's
New Discovery for Consumption in-
duced me to try it. Results were start-
ling. I am on the road to recovery and
ow all to Dr. King's New Discovery. I
surely saved my life." This great cure

WOLVES ARE BAD MENACE

Fierce Brutes of Alaska Hungrily
Seek Whom They May
Devour.

MINER IS TREED BY THEM

So Tame That Blacksnake Is
Necessary to Persuade Them
to Give Way to Travelers
On the Roads.

(Seattle Post-Intelligencer.)

Mushers arriving at Skagway from
the trail say there are a great many
wolves in evidence all the way down
the Yukon, but especially in the new
Bullian and Alek sections of the White
Horse district.

Tom Bates, who started out to the
scene of the new strike at the begin-
ning of the last cold spell, got to Ray-
mond's roadhouse, nine miles below the
Tahkeena river, and took the cutoff.
Two miles from the cutoff branches
from the government road the trail to
the new diggings branches to the right.
Instead of taking it Bates kept to the
left and returned to the road house al-
most before he discovered his mistake.

He took a fresh start for Ruby and
Bullion next morning, but he had hardly
got well on the trail before he saw a
pack of wolves coming toward him.
He hurriedly shinned up a tree and re-
mained there until the wolves disap-
peared, and when he came down his
toes were badly frozen. Bates again
returned to the roadhouse, and it is
not yet recorded that he has reached
Bullion creek.

Freighter St. Arnaud caught up with
a big gray wolf that was leisurely
traveling the trail before him. He had
no gun with him and as the wolf was
impeding the progress of his team he
went ahead to get the animal out of
the road. The wolf turned about and
snarled at him, but St. Arnaud applied
his blacksnake to such good effect that
the wolf left the trail. It was only
for a little while, however, as the de-
termined animal soon returned to his
station in front of the horses and had
to be blacksnaked three times before
giving the road to St. Arnaud for
good.

ELIHU ROOT PLEASED TO BE IN NEW YORK AGAIN

Speaks Feelingly of Members of Bar Who
Died While He Was Away--
Tribute to Whitney.

Elihu Root was the guest of
C. Whitney, Mr. Root paid a tribute to
his great resourcefulness and ability
as corporation counsel, his broad hu-
man sympathy and his wonderful an-
alytic powers of mind.

Continuing, the speaker dwelt on the
crying need, in his profession, of over-
coming what is popularly known as
"the law's delays."

"It is our duty to see that technical-
ities do not take the place of the sal-
ient principles—to see that there is a
swift and certain ascertainment of the
facts, and that the law is applied to
the facts in the swiftest manner."

Mr. Root concluded his address by
expressing his satisfaction at being
once again among his fellow citizens.
Justice John Woodward presided at
the dinner and introduced Mr. Root in
the heartiest sort of a complimentary
address. Justice Hornblower, though
opposed to the present administration's
policies, welcomed Mr. Root to his
home city and bar with commendatory
words and good wishes.

QUESTION OF SUPPLIES IS THE ALL IMPORTANT

New York, Feb. 16.—Knowing that
the Siberian railway could not convey
supplies to Manchuria and Vladivo-
stock, Russia ordered at Christmas
time, a large quantity of provisions in
America for delivery in San Francisco
January 23, 28 and February 7, says
a Vienna dispatch to the Times. The
greater part of these provisions have
not reached the Russian harbor and
may serve to support the Japanese
navy. The question of supplies will
be all important in this war, continues
the correspondent. Much indispensa-
ble material had to be taken from
Warsaw and sent to the far east and
all other provisions were to come from
America or from Odessa by sea. Every
thing that was left in the Black sea

after New Years is unlikely to reach
its destination. For this reason the
provisioning of the army in the far
east is causing great anxiety, as noth-
ing can be obtained there in the winter
America or from Odessa by sea. Every
once the Siberian railway in perfect
order it would not suffice to carry the
food for from 150,000 to 180,000 men.
However, the line is now obstructed
by trains carrying raila, sleepers and
building material and the matter of
supplies is said to be causing great
anxiety.

Newbro's Herpicide

A "HAIR-SAVER" THAT GROWS IN POPULARITY

GOING FOR HERPICIDE--BUT NONE TOO SOON

WHY? Because dandruff is a contagious disease and
one cannot get away from it too soon. It is owing to
the highly contagious nature of dandruff that the dis-
ease is so easily acquired. Washing and scouring the
scalp will remove dandruff, but the cause of the dis-
ease can be removed only with a scalp germicide, and
the original one is Newbro's Herpicide.

THE CHIEF reason for hair neglect and consequent
hair loss is due to the extremely slow destructive ac-
tion of the dandruff microbe, thus giving the impres-
sion that the hair is not in danger. The injury is to
the hair bulbs, for when they are gone—as in chronic
baldness—not even dandruff microbes remain in the
scalp.

THE MERE fact that a tiny flake of dandruff laden
with dandruff contagion, finds its way into the healthy
hair of a young person, does not cause immediate dan-
druff and falling hair. Dr. Carter, of Paris, has found
that the dandruff microbe requires years of growth and
development before it produces dandruff; but after
this, the apparent destruction becomes more rapid;
causing in time itching of the scalp and falling hair.

THE DISEASE DANDRUFF may
be gotten by chance, but in almost
every case it is acquired through
the negligence of certain rules of
cleanliness that are best understood
by those who have kept pace with
recent discoveries relative to the
contagious nature of hair disease.

A Healthy Hair.

DISCRIMINATING PEOPLE now regard it a duty
to employ a scalp antiseptic that will insure cleanli-
ness and freedom from hair disease. This "duty" be-
comes a genuine pleasure in using Newbro's Herpicide
and on account of its refreshing quality and exquisite
fragrance a pleasant habit is usually formed for its use.
THE HERPICIDE HABIT. A well known travelling
man writes as follows: "A friend of mine exposed
me to your delightful remedy and I promptly caught
the Herpicide habit." Ladies become enthusiastic over
Herpicide for it overcomes excessive oiliness and
makes the hair light and fluffy. It promptly corrects
dryness and brittleness of the hair and never fails to
cure dandruff and stop falling hair. It stops itching
almost instantly.

TWENTY-ONE YEARS' EXPERIENCE.
"In twenty-one years' experience in my business I
have found no preparation that equals Newbro's
Herpicide for stopping itching of the scalp and re-
moving dandruff." (Signed) W.C. GOODRICH,
Portland, Oregon.

IT PLEASES HIS PATRONS. "I have given your
Herpicide a thorough trial, and take pleasure in re-
commending it. My patrons are highly
pleased with Herpicide, and I can
vouch for its merits as a positive
cure for dandruff." (Signed) C. V. HARE,
Portland, Oregon.
